

## Brickfish® Video Guide

Here you will find information and answers including step-by-step processes related to videos.

- **Page 1: FAQ's about Videos**
- **Page 2: How to Enter a Video in a Campaign**
- **Page 3: How to Upload a Video to your Profile**
- **Page 4: How to Capture a Video Thumbnail**

If you still have questions, please contact [member support](#) via the form on our website.

### Frequently Asked Questions about Videos

#### ***How do I enter a video in a campaign?***

The easiest way to submit a video is to go to the Submit Entry tab of the specific campaign. Please see the page 2 for detailed instructions.

#### ***How do I upload a video to my profile?***

On the main toolbar, go to Profile and select More... - > Videos from the dropdown while you are logged in.

#### ***What type of video files are supported?***

Brickfish recommends MOV file types for the best videos. We also support WMV, MPEG-1, MPEG-2, MPEG-4, MPG and most AVI files. While most files will convert with no problems, some videos still might not convert due to underlying differences in codecs. If that happens, please try converting your video to a different file type.

#### ***How long will my video upload take?***

Video uploads will generally take 1-5 minutes per megabyte on a high-speed connection.

#### ***What's the maximum file size for my videos?***

Videos can be no larger than 2 gigabytes. We suggest you keep your uploads closer to 10 megabytes in size to avoid long uploading times.

#### ***How long does the video conversion take?***

Converting your video usually takes only a few minutes. You may operate other areas of your profile or upload more videos in this time. If your video does not convert within 24 hours, please contact [member support](#). Please be sure to include a link to the video in the form.

#### ***My video doesn't look right after it converted.***

Please try converting your video to a MOV file type. There are many ways of doing this including using a site such as <http://www.zamzar.com> to convert your video.

#### ***My video appears as a black screen amongst the other campaign entries. How do I capture a video thumbnail to change this?***

Please see page 5 for detailed instructions.

## How to Enter a Video in a Campaign

- To enter a video, go to the Submit Entry tab.
- Select Video as the Entry Type.
- Click on Browse to locate your video on your computer to upload.
- Fill out the Caption box. This will appear as the title of your video.
- Fill out the Description box. This field is required for submitting your video.
- Log in to your account if you are not currently logged in.
- Check the box to agree to the Terms of Use and Rules and Regulations for the campaign.
- Click the “submit” button as the final step.

**Requirements:** Entries must be original work of the entrant. All entries should express the entrant's personal dreams. By entering a video, photo or blog with photos that include other individuals, you represent that you have obtained all permissions necessary to post them on the Internet. Blog entries must be less than 1,000 words in length and video entries must be a maximum of two minutes long. Any entry that violates copyright protection or the Brickfish Terms of Use will be disqualified and removed. Enter as many unique entries as you'd like. Please do not submit duplicate entries.

**3** Submit

I acknowledge that I have read and agree to the following:  
[Brickfish Terms of Use](#)  
[Rules and Regulations](#)

I hold all rights to the content I am submitting and I have full authority to submit it to this campaign. I understand and agree that once submitted the content will become part of the campaign and may not be removed.

Please only submit the form once to avoid duplicate entries.

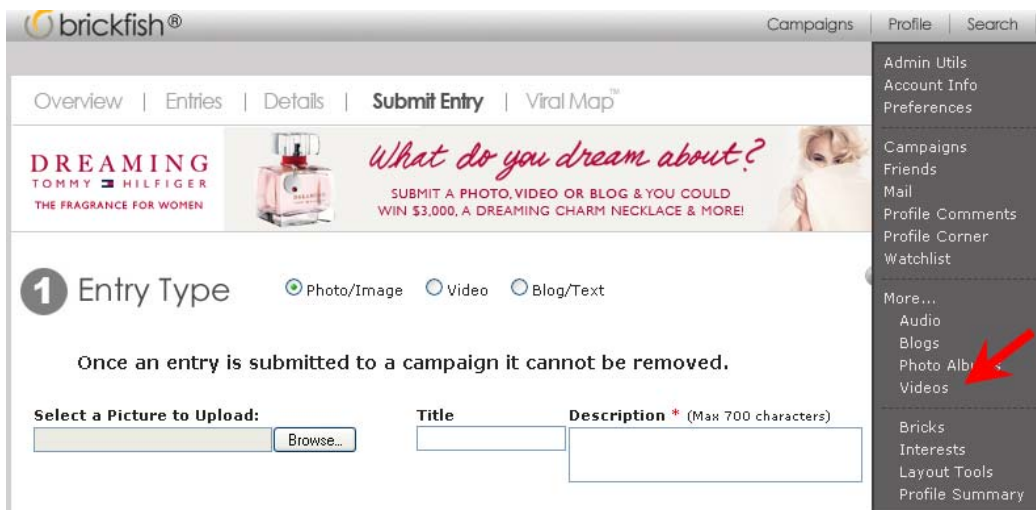

\* Required

- Once you have submitted your entry, it will appear on your profile. You can make any changes, including modifying the Description or Capturing a Thumbnail for your video, from your profile.

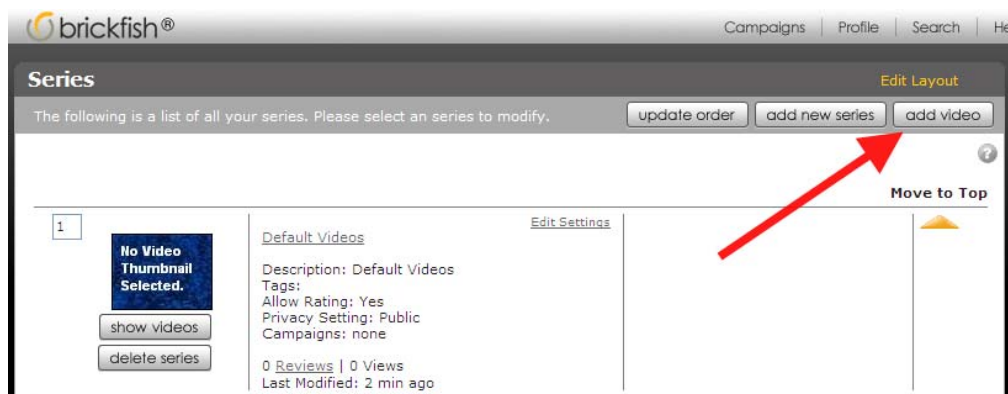

- To get to the video on your profile, on the main toolbar, go to Profile and select More... - > Videos from the dropdown while you are logged in.
- If the video panel does not currently display on your profile (default) you can choose to display your videos by using the [Layout Tools](#) to show your video panel.

### How to Upload a Video to your Profile

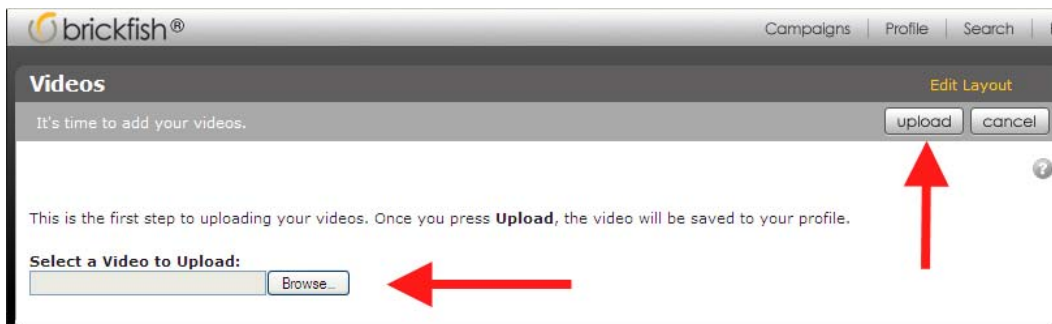

- On the main toolbar, go to Profile >> More >> Videos from the dropdown while you are logged in.

- On the following page, click on the “add video” button.

- On the following page, click Browse to locate your video. Then click on the “upload” button.

- On the following page, fill out the required fields and check the box to agree to the Terms of Use. You can also enter a video to a campaign this way. When you are finished, click on the "save changes" button.

## How to Capture a Video Thumbnail

The video thumbnail is the frame that will appear before your video is played. In a campaign, it is the image that will appear amongst all the other entries.

- Step 1: While logged in to your account, go to the page of your video. Click on the “edit this item” button.

- Step 2: On the following page, click on the “capture thumbnail” button.

- Step 3: On the following page, play your video. When a screen appears that you want to make your video thumbnail, click on the “CAPTURE” button.

- Step 4: Your selected thumbnail will appear. If you are not satisfied with the thumbnail, you can let the video continue to play and click the “CAPTURE” button again. When you are satisfied with your thumbnail, click on the “SAVE” button.

Note: It may take several minutes for the new thumbnail to appear everywhere.
